

Association of Indiana Counties

Serving county officials so they can better serve taxpayers.

Congratulations on your election! Now What?

David Bottorff - Executive Director, Association of Indiana Counties (AIC).

The AIC was established in 1957 for the betterment of county government. AIC's purposes and goals are to seek the betterment of county government through: representation of counties at the Indiana General Assembly; research and dissemination of information; communications through publications and seminars; professional training and educational programs; liaison between counties, state and federal agencies; and technical and managerial assistance. While there are a number of agencies and groups offering assistance to county government, AIC is the only entity that represents the legislative needs of Indiana counties.

COVID-19 Resources for Counties

Counties are on the front lines protecting our communities from the coronavirus and other illnesses that have the potential to become a pandemic. Counties support over 900 hospitals and operate over 1,900 public health departments, which are the ground troops in the fight against the coronavirus outbreak
